

About Us

The **Westford Sportsmen's Club (WSC)** was founded in 1947 and is situated on over 200 acres of land along the Westford/Groton town line. The club offers a wide range of activities for its members, families, and guests, that encourage the enjoyment of our natural resources.

Our Focus

Our club works to continuously improve the use and enjoyment of the outdoor sports of hunting and fishing locally, and to educate sportsmen about landowner rights and Fish and Game regulations.

We work hand-in-hand with the Department of Fish & Game by setting up duck nest boxes, planting feed patches and trees for wildlife cover, raising pheasants, liberating fish, posting safety zone signs where needed and many other projects essential for the betterment of hunting and fishing.

We formed the first Junior Sportsmen's Club in our state to teach youngsters gun safety, respect for others, safety in the field and how to be caring and responsible for all wildlife habitat. And each year we send youngsters to the Department of Fish & Game's Conservation Camp.

Activities

We offer several outdoor and indoor activities centered around firearms, archery, fishing, forestry and game management. Visit our website for more.

Cub Scouts

The Westford Sportsmen's Club sponsors Cub Scout Pack 95: an active, outdoor-oriented unit. The Pack camps outdoors in the fall and spring with the Webelos having one additional campout in November. The Pack typically does one indoor overnight in a museum. Other pack activities have included model rocket derbies and Pinewood Derby.

Junior Club

The Westford Sportsmen's Club sponsors a junior club, allowing our sons and daughters to learn life long skills, respect for the environment and promote conservation. WSC has historically underwritten half of the cost for two Junior club members to attend the Massachusetts Junior Conservation Camp.

Scholarships

Working in conjunction with Westford Academy and Nashoba Valley Technical High School, Westford Sportsmen's Club raises funds to sponsor college scholarships for the children or grandchildren (membership not required), who embrace the outdoors.

Training

The Westford Sportsmen's Club has several NRA Certified Instructors who provide instruction to club members and to the general public. Classes provide an introduction to the knowledge, skills and attitude necessary to use and enjoy firearms safely. Most classes also satisfy the Massachusetts training requirements for obtaining a Firearm Identification Card (FID) or License to Carry Firearms (LTC). Club instructors also teach Home Firearms Safety.

Facilities

With over 200 acres of land, WSC members and their guests enjoy the various activities offered via the main clubhouse (which also serves as a 60-bed emergency shelter), outdoor ranges for trap and sporting clays, handguns, rifles, shotguns, archery and 3D archery, an indoor shooting range, a well stocked trout pond, picnic and camping areas, as well as various nature trails.
