

About Us

Now celebrating 75 years, the **Westford Sportsmen's Club (WSC)** was founded in 1948 and is situated on over 280 acres of land along the Westford/Groton town line. The club offers a wide range of activities for its members, families, and guests, that encourage the enjoyment of our natural resources.

Our Focus

Our club works to continuously improve the use and enjoyment of the outdoor sports of hunting and fishing locally, and to educate sportsmen about landowner rights and Fish and Game regulations.

We work hand-in-hand with the Department of Fish & Game by setting up duck nest boxes, planting feed patches and trees for wildlife cover, raising pheasants and trout, posting safety zone signs where needed and many other projects essential for the betterment of hunting, fishing and hiking.

We formed the first Junior Sportsmen's Club in our state to teach youngsters gun safety, respect for others, safety in the field and how to be caring and responsible for all wildlife habitat. And each year we send youngsters to the Department of Fish & Game's Conservation Camp.

Activities

We offer several outdoor and indoor activities centered around various shooting and archery sports, fishing, hiking, forestry and game management. Visit our website for more information.

Cub Scouts

The Westford Sportsmen's Club sponsors Cub Scout Pack 95: An active, outdoor-oriented unit. The Pack camps outdoors in the fall and spring with the Webelos having one additional campout in November. Other pack activities have included model rocket derbies and the annual Pinewood Derby.

Junior Club

The Westford Sportsmen's Club sponsors a junior club, allowing our sons and daughters to learn life-long skills, respect for the environment and the promotion of conservation. WSC has historically underwritten half of the cost for two Junior club members to attend the Massachusetts Junior Conservation Camp.

Scholarships

Working in conjunction with Westford Academy and Nashoba Valley Technical High School, Westford Sportsmen's Club raises funds to sponsor college scholarships for the children or grandchildren (membership not required), who embrace the outdoors.

Education and Training

Westford Sportsmen's Club offers various educational programs for its members on topics such as fly fishing, animal tracking, and turkey hunting. Over the course of the year speakers from MA Division of Fisheries and Wildlife, Westford Animal Control, Westford Police and other agencies are invited to present topics of interest to the general membership.

Facilities

With over 280 acres of land, WSC members and their guests enjoy the various activities offered via the main clubhouse (which also serves as a 60-bed emergency shelter), outdoor ranges for trap and sporting clays, handguns, rifles, shotguns, archery and 3D archery, an indoor shooting range, a well stocked trout pond, picnic and camping areas, as well as various nature trails for hiking and mountain biking.
